

Low Profile Air Walker

Suggested
HCPC L4360
and L4361

Features & Benefits

- Inflatable bladder incorporated into liner for increased immobilization of the lower leg, ankle and foot.
- Lightweight, low rocker profile design for greater patient comfort.
- Cushioned heel for greater energy absorption.
- Wider rocker bottom design promotes a smooth energy conserving gait.
- Fits either left or right.

Indications

Used for soft tissue injuries, grade 2 and 3 sprains, stable fractures and post-operative stabilization. Helps to reduce pain, swelling and edema of foot and ankle.

Sizes

| High Top Order # | Low Top Order # | Size | Male Shoe Size | Female Shoe Size |
